**Mock-up:**

**Product Box:**

**Team member #01:**  
 Yash Dhakaan  
 Karlsruhe Institute of Technology

**Team member #02:**  
 Alberto Danese  
 UPC Universidad Politecnica de Catalunya

**Team member #03:**  
 Federico Barbieri  
 IST Instituto Superior Tecnico

**Team member #04:**  
 Siva Sembian  
 TU/E Eindhoven

**Team member #05:**  
 Pablo Plaza  
 Vrije Universiteit Amsterdam

**Team member #06:**  
 Ivana Cekovic  
 University of Belgrade

**Team member #07:**  
 Milan Zlatkovikj  
 Malardalen University

**Team member #08:**  
 Valeria Maksimovich  
 Brno University of Technology

**Team member #09:**

**Team member #10:**

**Basic idea:**  
 Offer radical visualization tool to convince SMEs to implement #eneff measures through a performance-based contract including CSR branding

**Tech Innovation:**  
 Full engagement of customers throughout the entire #eneff process by providing time-saving dynamic audit and then offering flexible packages

**Business Model:**  
 Add value to final products through branding CO2 neutral productions, cutting upfront investment costs and differentiating from standards

**Design Approach:**  
 Provide an online tool where the digital twin of our customer facilities can be built & visualized together with the possible #eneffmeasures

**BEWERTUNG**

- Gesamteindruck:  (0-5 Punkte, 0 = schwach, 5 = super)
- Technische Innovation:  (0-5 Punkte, 0 = schwach, 5 = super)
- Business Model:  (0-5 Punkte, 0 = schwach, 5 = super)
- Design Idee:  (0-5 Punkte, 0 = schwach, 5 = super)
